

GETTING READY FOR BIG GAME.

University Teams of Utah and Denver Preparing for the Struggle.

LOCAL BOYS HOPE TO WIN.

Indications Point to a Record-Breaking Attendance on the Field Next Saturday—Denver's Line-up.

The eyes of local football enthusiasts are now focused on the big game which is billed for Saturday afternoon on the University campus between the teams representing the University of Utah and the University of Denver. This contest will probably attract more attention than any other game on a Utah gridiron during the season of 1903, and in Denver thousands of gridiron devotees will eagerly await the announcement of the result. That there will be hard fighting every minute of the game and that every bit of ground will be warmly fought for goes without saying. Both teams are now engaged in putting on the finishing touches of their line for the great struggle and those who have the teams in charge declare that every man will be in perfect physical shape for the contest.

Coch Holmes of the Varsity team began to line his men up today and the boys will work hard until the day of the battle. The wallowing they received at the hands of the "Aggies" has not dampened their ardor in the least, and they are full of hope that victory will perch on their banners on Saturday next. In last Saturday's game against the Colorado college, the U. V. aggregation was beaten and this defeat has given the local boys hope that they will be able to hold their own against Denver. Before the game there will probably be a big demonstration, as a meeting for the purpose of laying plans for the event has been called for tomorrow evening.

The game is being well advertised and the students are doing all in their power to stir up interest in the coming conflict. From present indications the attendance will be very heavy, but there will be ample accommodations for the spectators.

The Denver team is rounding into form for the contest, as will be seen from the following dispatch from Denver.

The Denver university has begun practice for its game against the University of Utah at Salt Lake next Saturday. With the return to the game of the great Lillard at tackle there will be renewed confidence and the team will go in to win. When Booth, the coach of the Nebraska team, was in Denver with his eleven he said after the game that he had met the best man on his team against Lillard and that he thought the latter had not only outplayed the man, but that he could make any team in the United States. Lillard is built for football. He is six feet one and weighs 225 pounds. The man is trained to the minute and has not a bit of superfluous flesh on him. But the great point about him is his ability to lead the other men.

It now looks as if Lillard, Captain Veach and Stuart, the full back, will be the star players on the team. The latter is kicking four out of five goals from the field in practice. He seems to be about as good a drop kicker as the Princeton kicker. It is to be hoped that the team will be in good condition so that they will be able to present their very best eleven against Utah.

Game for Thursday.

Thursday afternoon on Cummings' field the Soldiers and Taylorville football teams will clash. The Taylorville team will line up as follows: Boons, left end; Sam Bennett, left tackle; Alfred Harker, left guard; Joe Bennett, center; Amor Harker, right guard; Spencer, right tackle; John Harker, right end; Ames, left half back; Dick Bennett, right half back; Miller and Pickett, quarter back; Lindsay, full back.

BOWLING CONTESTS.

Handicap Games Played Last Evening at the Collender Alley.

Six bowlers took part in the handicap bowling games at Collender alley last evening, and at the end of the series it was found that the Taylorville team led the bunch with a total of 518. The series will be continued until the end of the week. The contestants will be: W. Smith, G. Smith, McLeod, Gamble, W. Fowler and E. Hamilton. Last night's scores were:

	Total Hds.
Pitcher, scratch...	155 151-518
Stevenson, 10 pins...	121 144-462
Crabbe, 20 pins...	124 162-486
Hamilton, scratch...	172 152 143-467
C Jones, 10 pins...	118 129 151-428
Dedeind, 10 pins...	128 136 131-429

MAY DRAFT PLAYERS.

Major Leagues May Do So Between Sept. 1 and Oct. 15.

Cincinnati, Oct. 26.—The National Baseball commission, with Chairman August Hermann, Secretary J. E. Bruce, Harry C. Pulliam, president of the National league, and Ban Johnson, president of the American league, present, was in session here all day and adjourned tonight without taking action on the case of Ambrose Putnam, John Hickey, E. S. Quick, Arthur Devlin, Charles Jones, Gus Dunton, O. J. Perry, M. McIntyre, John J. Dillon, P. J. Donovan, McPherson and Perry and Mr. Landenslager. Among those who appeared before the commission during the day were W. H. Lucas, president of the Pacific National league, M. H. Sexton, president of the Western league, and H. Burke of Denver. The most important work of the day was the decision establishing the absolute right of the major leagues to draft players from the minor leagues, and when this matter was settled it carried with it results affecting most of the 21 contests presented for players.

Two additional rules, Nos. 21 and 22, were added to the national agreement. Rule 21 provides that each club must send to the secretary of the national commission, before Aug. 29 in each year, a list of its purchased players and that no one not on such list can ever be claimed after that date.

Rule 22 provides that there shall be no purchases or releases of players made during the drafting period and that no purchases would not be allowed as against the draft of any such players. It was held that section 6 of the national agreement was conflicting with section 6, and a definite interpretation was made so that the drafting period would be from Sept. 1 to Oct. 15, with no sales permitted during that time.

After the commission adjourned, the following official document was given out:

"Regarding the contention of com-

mittee representing the National association relative to sales, agreements, purchases and contracts for and with players for 1904, made prior to Sept. 1, 1903, it is contended by Messrs. Powers, Farrell and Sexton, the committee that represented the National association when the national agreement was adopted, that all sales, agreements, purchases and contracts for and with players for 1904 by club members of said association, made prior to Sept. 1, 1903, the day of the adoption in the national agreement, are binding and cannot be disturbed, and that article 6, section 6, of the national agreement, providing for the drafting of players, does not apply to these cases.

The members of the committee have given this question a great deal of consideration and we are of the unanimous opinion that the contention of the committee of the National association with respect to this matter is not justified by any provision of the National agreement or by any action of the representatives of either part to it during its discussion at Buffalo and Cincinnati previous to its final adoption.

May be New League.

San Diego, Oct. 26.—The idea of a winter league of baseball teams to take the place in the public interest of the Pacific Coast league, when its season shall have been ended, is taking a strong hold on the baseball fans of this city and it is said to be the same at San Bernardino, Santa Ana and Riverside. The teams which played all winter through in southern California and there would not be so many postponements on account of the weather as in the case of the winter league in summer time. Winter baseball has been a paying proposition in Los Angeles since the winter league was organized, and San Diego and San Bernardino played a little more than even in the financial.

ONE MAN TRIED TO ESCAPE.

Leaped From a Second Story Window and Fell in Hatchway Between the Buildings.

Chicago, Oct. 26.—A prize fight was raided and 50 prisoners, nearly all Italians, were captured last night in Clark street. When the spectators made a rush to escape Michael Garry, 25 years old, leaped from a second story window and fell in a hatchway between the buildings. The first department was summoned by the police to extricate him. He had sustained a fracture of the right leg.

RYAN MAY BE MADE CARDINAL.

New York, Oct. 26.—The pope has requested from Monsignor Merry del Val, the papal secretary of state, and Cardinal Gotti, a list of the foreign prelates who are eligible for the appointment as cardinals, and the secretary of state has been asked to prepare a list of the candidates, who are considered available for the appointment as cardinals, and the secretary of state has been asked to prepare a list of the candidates, who are considered available for the appointment as cardinals.

DUFFEY WANTS AUTOMOBILE

To Pace Him in His Attempt to Lower the 100 Yard Mark.

New York, Oct. 26.—Ever since the fast trotter and pacer succeeded in reducing the world's records with the aid of a wind shield, the question has been asked what advantage similar pace would be to Arthur J. Duffey, the world's champion sprinter. Duffey has run 100 yards in 9.35 seconds, world's record for the distance, and he is now attempting to lower the record by using a wind shield. What he could accomplish should he try the distance behind an automobile with a wind shield is a matter which no one could say. In bicycle racing pace has been all important in establishing world's marks. Without it a bicycle rider has not done a mile better than 1:25.2. Behind a motorcycle, with 16 inches of protection, a mile has been ridden in 1:08.

The wind shield would make it easier for the sprinter there can be no doubt. He would not have to breast the resistance of the wind and could run less fast enough to do 100 yards in less than 9.35 seconds, Duffey's record. He would be better off at a record pace.

The shield would add the runner materially. It would afford him much greater protection than the offered by the horse. Duffey is a sprinter and an experienced chauffeur the automobile could be rated at whatever pace the runner desired.

Duffey is sanguine that he can reduce his present mark, and when he goes against the record at 100 yards next spring he will in all probability be aided by a pacemaker.

Some of his sanguine friends predict a record of 9.15 in 100 yards, something heretofore unheard of.

WILL TRY TODAY

Major Delmar Will Go After Record—Wind Too Strong Yesterday.

Mempis, Oct. 26.—Today's program at the driving park was devoid of special features. Major Delmar, the two-minute mile man, was called on to attempt to try for his own record, but owing to the prevalence of a strong wind, the event was postponed until tomorrow. It was also announced that Dan Patch would go against 1:57.5, the mile record for pacers, tomorrow. Sumner, 2:31 pace, Director Miller won the second and third heats in 2:09.4, 2:09.5. Line of Gold won the first heat in 2:08.8. Angus Porter and Double Z also started.

2:15 trot, Magnolia stake, purse 2,000—2:15 trot, Magnolia stake in 2:08.8, 2:08.8. Jay McGregor, The Quorum, Dillon Boy and Tonto also started.

2:25 trotting purse \$1,000—Cathode won two straight heats in 2:13.4, 2:14.4. John Caldwell, Baraja, Kirkwood, Jr., Anna Gay and Great Spirit also started.

Trot to wagon, amateur drivers—Ida Highwood (Mr. Smathers) won two straight heats from George Muscovito (Mr. Gaylord). Time, 2:09.1, 2:10.4.

BAD FOR TRAINER.

Horse Was Undoubtedly Drugged Just Before the Race.

Los Angeles Cal., Oct. 26.—Dwight Way, a four-year-old colt, owned by F. Daga, was sent on the track for the second race today under the influence of a drug. The colt, who had never before won a race, came out of the paddock two men were unable to hold him, and Jockey Hildebrand leaped to the ground and declared he would not ride him. The horse was dripping with perspiration and the judges promptly ordered the entire race back and allowed 20 minutes for a new book. Charles Goodman, trainer of Dwight Way, was ruled out of the turf for life.

Russian Cruiser Bound for Far East

London, Oct. 27.—The Copenhagen correspondent of the Daily Mail says in a dispatch that the Russian cruiser Dmitri Dondukov, with troops and guns, passed Copenhagen today bound for the far east.

A Cure for Asthma

The worst cases of Asthma in the world succumb readily to the one great cure that never fails. Dr. Rudolph Schiffmann's Asthma Cure almost performs miracles.

Mr. R. M. Spencer, 2380 Vermont avenue, Toledo, O., says: "Asthma has been growing on me for 3 years, until last summer the attacks became so severe that many nights I spent half the time gasping for breath. Doctors seemed to give no relief whatever, and I felt there was no hope for me, when a drug clerk recommended your Asthma Cure. Its effect is truly magical and gives complete relief in from 2 to 5 minutes."

Sold by all druggists at 50c and \$1.00. Send 25 cents to Dr. R. Schiffmann, Box 809, St. Paul, Minn., for a free sample package.

POLICE RAIDED A PRIZE FIGHT.

Ninety Prisoners, Nearly All Italians, Were Taken in at Chicago.

ONE MAN TRIED TO ESCAPE.

Leaped From a Second Story Window and Fell in Hatchway Between the Buildings.

Chicago, Oct. 26.—A prize fight was raided and 50 prisoners, nearly all Italians, were captured last night in Clark street. When the spectators made a rush to escape Michael Garry, 25 years old, leaped from a second story window and fell in a hatchway between the buildings. The first department was summoned by the police to extricate him. He had sustained a fracture of the right leg.

RYAN MAY BE MADE CARDINAL.

In bicycle racing pace has been all important in establishing world's marks. Without it a bicycle rider has not done a mile better than 1:25.2. Behind a motorcycle, with 16 inches of protection, a mile has been ridden in 1:08.

JOHN MORRISON RUN DOWN.

Chase for Him Lasted Fourteen Months, Over Two Continents.

Chicago, Oct. 27.—The Tribune today says: After a chase lasting 14 months, and in which two continents were traversed by a detective in pursuit, John Morrison, assistant cashier of the Northampton bank of London, charged with embezzling more than \$80,000 has been captured in Chicago. Morrison, with Edward Weston of the Scotland Yard detective force, who effected the capture, is now on his way to England to answer the charge of defalcation.

Morrison, after his flight, assumed many aliases. When arrested he was conducting a jewelry store in Forty-third street under the name of Henry Morgan. He also had used the name of William Jordan, Henry Miller, and Francis.

During August, 1902, in the temporary absence of the cashier of the London bank, Morrison it is alleged, fled to the continent. The theft aroused the London bankers, and Weston, who was put on the case.

The fugitive did not stay long in London. He started for the continent only 30 hours after Morrison, but the fleeing one had sailed at once for New York.

In New York Morrison lived at a small boarding house for at least two months. Becoming nervous he left the city and went to Boston, where he invested in a jewelry store.

The fugitive did not stay long in Boston. He went to Marion, Ohio, where he invested in a business venture.

Weston came to Marion where he learned the embezzler had left only a few hours before for Chicago. Weston arrived in Chicago only a few days later than Morrison. When arrested the fugitive confessed to return to England without extradition proceedings.

Chicago Street Car Accident.

Chicago, Oct. 27.—Through the failure of a gripman to drop the lever while passing a cable car, a collision took place last night, practically telescoping the later. Six persons were injured seriously of whom one will die, while a score of passengers were cut, bruised and shocked by the accident.

FLORIST GRUNDMAN DEAD.

Loss of His Birds and Flowers Killed Him.

New York, Oct. 27.—Crazed by the loss of all his possessions in the recent floods, Frank Grundman, a florist, is dead at a hospital here. Although he had a trying experience in rescuing his wife from death and then saving himself, it was the destruction of his hot house, in which he had numerous rare plants, and the loss of a flock of Japanese pheasants that shattered his mind. Grundman had spent several years in making the collection.

Gov. Peabody's Action Endorsed

Pueblo, Colo., Oct. 27.—The State Citizens' Alliance was organized at a meeting held here at which there were present 22 delegates representing 12 alliances in the state. The following officers were elected:

President, J. C. Craig, Denver; vice president, C. T. McKennie, Colorado Springs; secretary-treasurer, L. F. Parsons, Cripple Creek.

Resolutions were adopted endorsing Gov. Peabody's action in sending troops to Cripple Creek and delegates to the national convention of employers associations in Chicago were named. They left for Chicago at once.

SAM PARKS IS PLACED ON TRIAL.

Charge is Extorting Money from Louis Schmidt for Calling Off a Strike.

WORE A DEFIANT EXPRESSION.

He is Sick, Suffering from Chronic Tuberculosis of Both Lungs.

New York, Oct. 26.—The trial of Sam Parks, the walking delegate who has already been convicted of one of the extortion charges against him, was begun today before Judge Newburger. The indictment in the present case is known as the Parks studio indictment, in which Parks is accused of having extorted \$500 from Lewis Schmidt, president of the Tiffany Studio company, as the price of calling off a strike on a new building which that company was having constructed.

Former Asst. Dist. Atty. James W. Osborne is conducting Parks' defense. Associated with Mr. Osborne are Geo. G. Battle and Barlow S. Weeks, who, as the principal lawyers for Ioland B. Moineux, were arrayed against Mr. Osborne, who was the prosecuting attorney in that famous case.

Parks wore his usual defiant expression when he entered the courtroom today, but he did not look as healthy as during his previous trial.

On calling of the trial Mr. Osborne moved for a postponement on the ground that he believed his client could not obtain a fair and impartial trial; that the case should not be called until the court of appeals had rendered a decision on a certificate of reasonable doubt, the issuance of which released Parks from Sing Sing, and that the health of the defendant is such that counsel could not properly consult with him.

Affidavits were produced from prominent physicians to the effect that Parks has not the elements it requires; and, in consequence, all the organs of the body, such as the heart, lungs, liver and kidneys, as well as the nervous system, are deprived of pure, rich blood.

IN THE OLD DAYS.

How close to our hearts are the memories of our childhood. When you were a barefooted little urchin running in the grass, and munching green apples, you were able to digest anything and feel all right the next day. Sunshine and good air gave you an appetite. The Kneipp cure of Germany is essentially the practice of simple life—living close to nature.

PERUVIAN CONGRESS CLOSED.

New York, Oct. 27.—Congress has closed its regular session, says a Herald dispatch from Lima, Peru. The government will immediately call an extra session to increase the present taxes and create new sources of revenue.

JOHN MORRISON RUN DOWN.

Chase for Him Lasted Fourteen Months, Over Two Continents.

Chicago, Oct. 27.—The Tribune today says: After a chase lasting 14 months, and in which two continents were traversed by a detective in pursuit, John Morrison, assistant cashier of the Northampton bank of London, charged with embezzling more than \$80,000 has been captured in Chicago. Morrison, with Edward Weston of the Scotland Yard detective force, who effected the capture, is now on his way to England to answer the charge of defalcation.

During August, 1902, in the temporary absence of the cashier of the London bank, Morrison it is alleged, fled to the continent. The theft aroused the London bankers, and Weston, who was put on the case.

The fugitive did not stay long in London. He started for the continent only 30 hours after Morrison, but the fleeing one had sailed at once for New York.

In New York Morrison lived at a small boarding house for at least two months. Becoming nervous he left the city and went to Boston, where he invested in a jewelry store.

The fugitive did not stay long in Boston. He went to Marion, Ohio, where he invested in a business venture.

Weston came to Marion where he learned the embezzler had left only a few hours before for Chicago. Weston arrived in Chicago only a few days later than Morrison. When arrested the fugitive confessed to return to England without extradition proceedings.

Running barefooted

in the grass several miles in the morning before breakfast is the simple prescription for the cure of catarrh of the water are told to walk miles in the fresh air before breakfast and eat little early in the day. For many people it is impossible to get out in the sunshine and good air, and for those who are doomed to sit for hours within four walls, perhaps alongside of consumers or those suffering from catarrh or other disease, it means sickness and ill-health. Indigestion is only one

of the many symptoms of impure blood as well as a disordered condition of the stomach. Forty years ago, Dr. R. V. Pierce, chief consulting physician to the Hotel and Surgical Institute, at Buffalo, N. Y., found that certain herbs, barks and roots manufactured, without the use of alcohol or opiates, into a concentrated extract, made a stimulating tonic for the stomach, helped the digestion and assimilation of the food and eradicated poisons from the blood. This is nature's cure for indigestion, and by correcting the stomach, and thereby feeding the blood on pure materials, the red blood corpuscles are increased and the body established in a healthy state. No one suffers from catarrh who has plenty of red blood corpuscles and a good digestion. Catarrh in all its forms is a condition of the blood. Introduce pure red blood into the system and health is assured. Dr. Pierce's Golden Medical Discovery has borne the stamp of public approval for the past third of a century, and will do more to improve the health than any other remedy. Dr. Pierce does not believe in a tonic made with alcohol or narcotics. His "Golden Medical Discovery" he guarantees to contain neither of these, but to be purely vegetable and the most lasting cure for catarrh, throat and bronchial troubles, which, if neglected, lead to consumption. In all it is a specific for heart, liver and all diseases which have for their source poor assimilation and impure blood.

No man is stronger than his stomach. Let the greatest athlete have dyspepsia and his muscles would soon fail. His strength is made from food properly digested and assimilated, and no man is stronger than his stomach, because when the stomach is diseased the body does not get its full nourishment, the blood

is almost as soon as I began using this medicine, and, within three weeks, I was fully restored to health and had gained eleven pounds in weight. I feel it a duty to write and tell you this."

"About two years ago a rash appeared on the arms and legs of my nephew, a boy twelve years of age," writes H. Greenfield, Esq., of 213 East 101st Street, New York, N. Y. "We went to our family physician who pronounced it a case of eczema, and said he could cure it in a short while. After treating it about two months it got worse instead of better. I advised the use of Dr. Pierce's Golden Medical Discovery, and after using two bottles the patient began to improve. The itching abated; he could sleep better; his appetite increased, and we continued to use the 'Discovery' and 'Pellets' until the scales came off by the handful. We used in all twelve bottles and his whole body is as clear and smooth as a baby's. This is the most wonderful and complete cure that ever came under my observation."

Sick people are invited to consult Dr. R. V. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential.

Dr. Pierce's Pleasant Pellets regulate the bowels.

FREE. Dr. Pierce's Common Sense Medical Advice is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume. Address World's Dispensary Medical Association, Proprietors, Buffalo, N. Y.

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose; therefore accept no substitute for "Golden Medical Discovery."

is suffering from chronic tuberculosis of both lungs. The motion for a continuance was denied and the trial proceeded. When recess was taken two jurors had been accepted.

After recess Richard V. Harris, a bookkeeper, was accepted as the third juror; Charles Lewis, a retired business man, was accepted as the fourth juror; John J. Schmidt, the manager of an estate, as the fifth, and John L. Stokes, an accountant, as the sixth juror. Court then adjourned until tomorrow.

ALASKAN POLITICS.

Anti Territorial Delegates Captured the Convention.

Seattle, Wash., Oct. 27.—A special to the Post Intelligencer from Juneau, Alaska, says: The anti-territorial delegates captured the convention here yesterday and elected J. B. Hamlin, chairman and W. Shortbill secretary. Ex-Governor Swineford bolted the convention. He is a strong advocate of a territorial form of government, and the defeat of his friends sent him out of the convention.

The Valdez-Gagle Road was enthusiastically endorsed by the convention. There was a good representation from southeastern Alaska present, and the Third district had a number of delegates in the convention. Nome was not represented.

Important Democratic Meeting. New York, Oct. 27.—Through the presence of several leading men in the Democratic party in this city it has been learned, says the Herald, that a conference, at which were present William Jennings Bryan, David Bennett Hill, former Senator Charles A. Towne of Minnesota, Frank Campbell, chairman of the New York Democratic state committee, and J. C. Carlisle, chairman of the Democratic executive committee, has just been held. It is asserted that the meeting convened in the rooms of an up-town hotel, occupied by Mr. Hill, but nothing could be learned as to the subjects discussed or the result.

Senator Teller of Colorado, who also is here, was asked what he knew regarding the matter. "It must be a coincidence," he said. "I am here from Washington for three or four days on private business."

Will Not Call at Midway Island

San Francisco, Oct. 27.—The report sent out from Honolulu a few days ago to the effect that the Toyo Kisen steamship Nippon Maru would call at Midway Island on her way to Yokohama, owing to anxiety over the alleged strained relations between Japan and Russia, is denied by the general agent of the line in this city, on the authority of Minister Takahira at Washington. When the report concerning the Nippon Maru was received here Agent Avery consulted Japanese Consul Uyeno and he in turn wired Minister Takahira, who promptly denied it on the strength of cable from the Japanese consul general at Honolulu.

Will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual vouching the testimonial below, and also of the writers of every testimonial.
